Translation Services

We know many of our customers prefer to speak to us in a language other than English. If you'd rather speak to us in another language, we can arrange for an interpreter to help you with your complaint, subject to availability.

AAMI uses the Translating and Interpreting Service (TIS National). It is an interpreting service provided by the Department of Home Affairs for people who do not speak English and for agencies and businesses that need to communicate with their non-English speaking clients. We can connect you to interpreters who speak a wide variety of languages, so simply ask us about the service when you call. You can find more information about TIS National here:
