## Applying for a health insurance Policy

All applications for a health insurance Policy must be accompanied by proof of identity and any other relevant information We may require.

We may at Our discretion refuse to accept an application until such time as the relevant information is provided or until the Premiums for the minimum period relevant to the applicant have been paid.

- Subject to the Fund Rules, terms of this document and the Private Health Insurance Act, We may at Our discretion refuse an application to join a Member, including in the circumstances below:
  - ◆ We have the right to refuse an application to join a Product that has been closed for sale.
  - ◆ We have the right to refuse an application to combine a Product currently for sale with a Product that has been closed for sale.
  - ◆ We have the right to refuse an application for a family on a Product available only to singles and couples or vice versa.
- If We refuse an application, We will provide a reason for the refusal to the applicant.
- You cannot have the same type of health Cover with more than one health Fund (e.g. you cannot have a Hospital package with 2 health Funds, nor can you have an Extras package with 2 health Funds).

## Who is Covered

A health insurance Policy provides Benefits for the Policy Holder, any additional listed Partner, Dependant Children, Adult Dependant or Student Dependant. In regards to a Policy:

- Children who are aged between 21 and up to 25 years can also be Covered if they are in full-time study and registered with Us as a 'Student Dependant'.
- We will allow a child who is between 21 and up to 25 years and no longer studying to remain on their parents' Cover as an 'Adult Dependant' for an additional fee determined by Us (*not available on all Covers and under all circumstances – check your Product Information and call Us to learn more*).
- Dependant Children, Adult Dependents and Student Dependents must be unmarried and not in a defacto relationship.
- To Claim for Hospital or medical Treatment, all those listed on the Policy must be Australian Citizens, Permanent Residents of Australia or entitled to an interim Medicare Card under Medicare, registered for Medicare and listed on an active Medicare card.
- Unless otherwise approved by Us, a person under 16 years of age is not eligible to be a Policy Holder.

## Adding a dependant or Partner

Any Partner or Dependant Child (except newborns or newly adopted children) being added to a Policy will be required to serve Waiting Periods in line with the Product – unless transferring from a Previous Cover of equivalent level.

## Adding a newborn dependant

- i. We need to be notified by the Policy Holder (or Partner with authority) to add a child to the health Cover. Immediate Cover is provided under a Policy for newborns if an Adult under the Policy notifies Us of the birth and requests the newborn become an Insured Person under the Policy within 2 months after the newborn's birth, where the parent/ guardian upgrades from an existing Single or Couples Policy; or
- ii. Within 24 months after the newborn's birth, if the newborn is to be added to a Family Policy or Single Parent Family Policy that was active at the newborn's date of birth.

## Commencement of Cover

Subject to Our acceptance of an application for a Policy, a Policy commences on the date on which an application for the relevant Policy is lodged, or where We agree on another date nominated in the application.

Members will be able to Claim for the services provided by the Policy once Waiting Periods have been served and provided that the Policy is financially up-to-date.

Additionally, Members transferring from another health Fund can Claim once We have received and processed a Transfer Certificate from the previous health Fund, provided the Member has served all relevant Waiting Periods and not claimed the full year's Annual Benefit Limits for Extras from their previous health Fund (in which case they would need to wait until the next Calendar Year before being able to Claim for that service).

## Waiting Periods for newly insured Members

Newly insured Members need to be with a health Fund for a set period of time before being entitled to Claim for Treatment.

- Waiting Periods vary according to the service being provided.
- No Benefits are payable for Treatment provided during a Waiting Period.
- Members should check their Product Information for the services they are Covered for and the Waiting Periods that apply to their Policy.

## Standard Ambulance Waiting Periods

Approved ambulance transport	1 day
------------------------------	-------

## Standard Hospital Waiting Periods

Pregnancy & birth	12 months
Pre-Existing Conditions	12 months

Other Conditions requiring hospitalisation (except those listed above) that aren't Pre-Existing Conditions	2 months
Accidental Injury	1 day

## Standard Extras Waiting Periods

Hearing aids & Cochlear speech processors	36 months
Artificial aids	12 months
Non-specialty orthodontia	12 months
Dental specialty services, dental prosthetic services, inlays, onlays, facings, orthodontia, periodontia, endodontia & oral surgery	12 months
Dentures, denture maintenance/repairs & other prosthodontic services	12 months
Periodontic surgical, root therapy & endodontic services by a dentist not registered as a specialist	12 months
Healthier Lifestyle	6 months
Optical appliances and repairs	6 months
All services and items except those listed above	2 months

Please refer to your Product Information for further detail relating to service limits and annual Benefits.

## Waiting Periods when switching Funds or changing Products

We recognise the Waiting Periods you have already served from the last Previous Cover you held at the date of terminating with your Previous Fund.

On the new Product:

- Waiting Periods will apply only to services with higher Benefits, services not previously Covered or where a Member has not fully served Waiting Periods on the Previous Cover (the balance of the Waiting Period will apply with Us).
- For services already Covered at an equivalent level, no Waiting Period will apply.
- Lower Benefits or reduced coverage on the new Product applies immediately.
- If the Hospital Excess on the new Cover is lower than the previous Cover, the previous Hospital Excess will apply for the duration of the Standard Hospital Waiting Period that applies to a Benefit (regardless whether a Member is required to serve a Waiting Period in order to make a Claim for that Benefit).
- If the Hospital Excess on the new Product is higher it will apply straight away irrespective of a Pre-Existing Condition.
- A 30 day Cooling Off Period applies to all Product changes, providing no Claim is made on the new Product (*see 30 day cooling off period*).
- When switching Funds, there must be a gap of no more than 59 days between terminating your Previous Cover and joining Us to maintain continuity of Cover and avoid having to re-serve Waiting Periods.
- When changing Products with Us, there must be no gap between terminating your Previous Cover and joining another to maintain continuity of Cover and avoid having to re-serve Waiting Periods.
- If you have used part or all of your annual Benefits under your Previous Cover, We will adjust your available new Benefits accordingly.

## Waiting Periods when splitting a Policy

If Partners on a Policy separate, or a Dependant Child/Student Dependant/Adult Dependant takes their own Cover they may join Us without serving any Waiting Periods where:

- The Benefits provided under the new Product are the same as Benefits provided under the Previous Cover; and
- The person applies for the Policy within 59 days of ceasing to be a Partner, Dependant Child/Student Dependant/Adult Dependant under a Policy with another private health Insurer.
- For persons who are an existing Member with Us, they have 30 days to start their new Policy and it must be backdated to the date of leaving the previous Policy to maintain continuity of Cover.
- If Waiting Periods had not been served on the Previous Cover with Us, the remaining portion of the Waiting Periods will need to be served on the new Cover.
- Waiting Periods will apply to Benefits and services not previously Covered when changing to a different level of Cover. As will the other rules of changing Covers outlined above (*see Waiting Periods when switching Funds or changing Products*).

---

## Pre-Existing Conditions and Hospital Benefits

Pre-Existing Conditions have a 12 month Waiting Period for Members who are new to Hospital Cover.

- No Benefits are payable for Hospital Treatment during the first 2 months of membership irrespective of whether the Condition is pre-existing (except for Accidents – (see *'Waiting Periods'*)). A 2 month waiting period still applies to new members before being able to access the mental health waiver.
- The Pre-Existing Condition Waiting Period also applies when changing Products, but only to the services not previously Covered (for the first 12 months on the new Product).
- If a Member needs Hospital Treatment after the first 2 months but before the first 12 months of membership, We will require the medical practitioner who provided the referral and the treating specialist to complete Our documentation for Our medical practitioner to determine if the Condition is pre-existing.
- Our medical practitioner will have the final say as to whether the Condition is pre-existing or not.
- If the Condition is deemed not to be pre-existing then Benefits will be payable in line with the Product.
- If the Condition is deemed to be pre-existing no Benefits are payable (or in the case of changing Products Benefits may be payable in line with the Previous Cover).

## Waivers

We may waive the 2 or 6 month Waiting Periods for Extras for Members who have recently joined or increased their level of Cover and hold a combined Hospital and Extras Product. A waiver is applied at Our discretion for Members of an eligible Contribution Group.

- If a waiver applies, Members will be able to Claim immediately for the Extras services to which the waiver applies.
- Waivers do not apply to Hospital Treatment, except for Hospital Psychiatric Services received in accordance with the Mental Health Waiver (see *'Mental Health Waiver'*).
- Waivers do not apply to any services which have a 12 month (or higher) Waiting Period.
- Members can confirm if a waiver applies to them by calling Us.

## 30 day cooling off period

A 30 day cooling off period applies to all Our Products.

- New Members can receive a full refund of Premiums if they decide to cancel the Policy within the first 30 days of membership – providing no Claims have been made during that time.
- Members who have changed their level of Policy can also revert to the Previous Cover within 30 days with no impact on Waiting Periods – providing no Claims have been made during that time.
- If a Claim is made within 30 days the Policy can only be cancelled or changed from the day after the date of service of the Claim.

## Who can view and change the Policy

The 'Policy Holder' is the primary account holder and has full and total authority to make changes to the Policy and make Claims enquiries about anyone on the Policy.

- A Partner will only have authority to make changes to the Policy if nominated by the Policy Holder (called 'Partner Authority').
- Partner Authority can be removed from the Partner by the Policy Holder at any time.
- Dependant Children, Adult Dependants and Student Dependants can only make enquiries about their own Claim entitlements and Claims history.
- Policy Holders can register others on the Policy to have their own Online Services login and password. Using these additional logins the Member will only be able to view their own Claims history and entitlements.
- The Policy Holder can nominate a person (e.g. relative) with Third Party Authority by writing or by calling Us. The person with Third Party Authority can make enquiries and operate the Policy but cannot change existing direct debit arrangements, or cancel the Policy unless permitted by the Policy Holder.
- The Policy Holder can nominate a person (e.g. relative) with Power of Attorney by writing or by calling Us. The person with Power of Attorney can make enquiries and operate the Policy along with changing existing direct debit arrangements and cancelling the Policy.

## Health Cover reviews

It is the Policy Holder's responsibility to understand what is, and what is not Covered, by their health insurance Policy. We recommend Policy Holders review their health insurance at least once per year. We are happy to discuss your health Cover at any time, call or visit Us.

Each Product can be amended from time to time in accordance with its terms.

## Policy suspensions

Members can apply to suspend their health insurance for reasons of financial hardship, or overseas travel. Members must be with Us for 12 continuous months before being able to apply for a suspension.

Financial hardship suspensions must be for a minimum 2 months and a maximum of 3 months. Overseas travel suspensions must be for a minimum of 2 months and a maximum of 24 months.

- A Policy Holder who wishes to apply to suspend their Policy can do so by calling Us. The Policy Holder will also be required to supply Us with the following proof to complete the suspension application:
  - ◆ Proof of travel dates (e.g. a copy of boarding pass, travel itinerary or stamped passport).
  - ◆ We will accept Policy suspensions from the date of notification providing the application to suspend is accepted.
- A Policy must be financially up-to-date before it can be suspended.
- No Premiums are payable for the Policy during a period of suspension.
- No Benefits will be paid by Us during a period of suspension.

- 
- Where Waiting Periods had not been fully served, the remainder of the Waiting Period must be served once the Policy is resumed.
  - Once a Policy is resumed after a period of suspension, 12 months of continuous Cover must be maintained before the Member can apply to suspend again.
  - Members listed on the Policy may be liable for the Medicare Levy Surcharge for any period of suspension (*see Medicare Levy Surcharge*).
  - If a Lifetime Health Cover loading applies to your Policy, your suspension period will not count towards your required 10 years of continuous Cover. Your Lifetime Health Cover anniversary date will be adjusted to factor in the period your Policy was suspended.

Remember to resume your Policy at the end of your suspension period. Failure to resume your Policy in time will impact on your ability to Claim.

## Resuming your Policy

If a Policy has been suspended it must be resumed within 1 month of the suspension end date or the Policy will be cancelled. If the Policy is cancelled all Members on the Policy will need to re-serve Waiting Periods if they re-join later.

- To resume, the Policy Holder will need to call Us within one month of the date of return to Australia.
- In the case of an overseas travel suspension, resumption of your Policy will be backdated to the date of return to Australia, with the applicable arrears requiring payment.
- For financial hardship suspensions, the suspension ends on the date nominated by the Policy Holder or the end of the 3 month maximum suspension period, whichever comes first.
- Members who have suspended their Policy for reasons of financial hardship and pay by direct debit will have their Policy automatically resumed after 3 months. The first payment taken by direct debit may be higher than normal to account for any difference between when the suspension ends and when the next payment falls due.

## Maintaining continuous Cover

It is important to maintain continuous Cover with Us to ensure you are able to continue to Claim Benefits and to avoid having to re-serve Waiting Periods.

- If the Policy falls into arrears, all Members on the Policy will be unable to Claim.
- After 2 months of non-payment the Policy will be cancelled.
- After more than 2 months without health insurance all Members listed on the Policy will have to re-serve Waiting Periods if they decide to re-join later.
- It will be at Our discretion to determine whether the Members listed on the Policy will be Covered for any Hospital, Extras or ambulance Claims required during a period of non-payment.
- If the Policy lapses, Members listed on the Policy may be liable for the Federal Government's Medicare Levy Surcharge and/or Lifetime Health Cover Loading (*see Medicare Levy Surcharge and Lifetime Health Cover Loading*).

## Your Premiums

Premiums must be up to date to keep the Policy financially active and so that Members listed on the Policy can continue to Claim.

- If Premiums are paid in advance and a Premium Rate change takes effect during the period of advance payment, the change will not come into effect until the next Premium falls due.
- However, if a change is made to a Policy during the period of advance payment (for example changing the level of Hospital Excess or the Policy Category), the rate protection will cease to apply and the current Premium applicable to the altered Policy will apply from the date of change.
- Premiums can be paid in advance by a maximum of 13 months from the date the advanced payment is requested.

### Available payment methods

- Direct debit from a bank, building society or credit union cheque or savings account. We offer Members choosing this payment method a discount on the cost of their health insurance Premiums (the direct debit discount is not available for direct debits from a credit card).
- Credit card direct debit – automatic direct debit from a MasterCard, Visa, American Express.
- Phone Pay – make a credit card payment by calling **13 22 44**.
- Payment by BPay and Post BillPay payments are also accepted.

### Available payment periods

Are set out below and must be paid in advance:

- For all Products unless otherwise permitted by Us:
  - ◆ Where Premiums are paid by automatic direct debit from a financial institution account or automatic charge to a credit card – fortnightly, monthly, quarterly, half yearly and yearly.
  - ◆ Where Premiums are paid by Phone Pay or at an Australia Post Office – monthly, quarterly, half yearly and yearly.

### Direct debit Service Agreement

We will give the Policy Holder at least 14 days notice in writing if there are changes to the details of their debit.

- Any information about the account will remain confidential, except where required to complete direct debits with the financial institution.
- When the due date is not a working day, We will debit the account on the first working day after the due date.

If there are insufficient funds in your account to make a payment on the due date, we will notify you and attempt a second deduction from your account within 7 days. If this second deduction attempt also fails, your direct debit arrangement will be cancelled. You will need to contact Us to pay the overdue amount and reinstate your direct debit arrangement.

It is the Policy Holder's responsibility to:

- Ensure the nominated account can accept direct debits.
- Ensure there are enough funds available in the account to make the payment on the due date.
- Tell Us if the account details change, or if the account is transferred or closed.

- 
- Arrange a different payment method if We cancel the debit arrangements.
  - Ensure all account holders of the nominated account have authorised the direct debit request.
  - Tell Us the new credit card expiry date.

Policy Holders can change the debit arrangements in line with these terms and Conditions. The Policy Holder must tell Us at least 7 working days before the next due date for any of the following:

- Stopping a payment.
- Deferring a payment.
- Suspending any future payments.
- Altering the direct debit nominated account details.
- Cancelling the debit arrangement.

We reserve the right to determine how to give instructions to stop or alter the direct debit details (e.g. written, verbal or electronic).

We reserve the right to cancel direct debit arrangements if the nominated financial institution dishonours debits, and to arrange a different payment method with the Policy Holder.

The details of direct debit arrangement are contained in the direct debit Request submitted by the Policy Holder. We will rely on those details to process payments until told otherwise.

Not all accounts held with a financial institution are available to be drawn on under the Bulk Electronic Clearing System. Members should check with their financial institution if they are unsure whether their account can facilitate direct debits.

Policy Holders may cancel, stop or dispute a drawing with their financial institution.

Policy Holders with direct debit inquiries, or those who believe a debit has been made incorrectly, should contact Us immediately on **13 22 44** or write to:

Reply Paid 62208,  
Locked Bag 2010,  
Newcastle NSW 2300

## **Premium discounts**

We can discount the cost of health insurance at Our discretion up to the maximum allowable under the Private Health Insurance Act.

We may offer:

- Discounts to Policy Holders who agree to pay by automatic direct debit from a cheque or savings account. Automatic payments by credit card are also excluded.
- A discount to Corporate Groups, Broker Groups, Association Groups or any other pre-defined Contribution Group at Our discretion. Discounts afforded to Contribution Groups will be inclusive of the automatic direct debit discount.
- Closed Products may also be excluded from receiving the discount at Our discretion.
- Age Based Discounts to eligible members.

## Age Based Discounts

Age Based Discounting is a Federal Government initiative designed to encourage people to purchase private hospital Cover earlier in life. This means that when a person aged under 30 takes out private hospital Cover they may be eligible to receive a discount. Age Based Discounts are calculated as 2% for each year that a person is aged under 30, up to a maximum of 10% for 18 to 25 year olds.

The discount is based on your age on the Discount Assessment Date, which is generally 1 April 2019, or the date you first took out an eligible private hospital Cover following 1 April 2019. It will apply to each person insured under the Policy who, on the Discount Assessment Date are:

- Aged between 18 and 29 (inclusive).
- Not a Student Dependant, Dependant Child, or Adult Dependant under the Policy.

If you have a partner on the policy the total discount will be an average of your individual Age Based Discounts.

The table below sets out the discount that may be applied to your hospital premium:

Age*	Applicable Percentage Discount
18-25 (inclusive)	10%
26	8%
27	6%
28	4%
29	2%

\*Age as at the Discount Assessment Date.

You'll keep your Age Based Discount until your 41st birthday unless:

- You transfer to a policy that does not provide for the Age Based Discount to be retained; or
- The discount is discontinued on your policy.

When a person turns 41, the Age Based Discount will reduce at the rate of 2% per year, so that no Age Based Discounts are available after the age of 45.

---

## Premium changes

Premiums may change as a result of:

- A change in Premiums approved under the Private Health Insurance Act.
- A change in Product.
- A change in Hospital Excess level.
- A change in state or territory of residence.
- A change in Policy Category (single, couple, family, single-parent family, extended family).
- Adding Members onto the Policy who have a Lifetime Health Cover loading (*see Lifetime Health Cover Loading*).
- Inclusion or removal of discounts.
- A change in Rebate tier (*see Health insurance initiatives from the Australian Government*).
- Removal of Lifetime Health Cover loading in accordance with Lifetime Health Cover rules.
- Failure to complete the necessary application for Australian Government Rebate.

## Your Member Card

By using the Member Card, you agree:

- To tell Us if any information on the card is incorrect.
- To show additional ID if requested by a Provider.
- To use the card to Claim for services used to treat a Member listed on the card.
- To tell Us if any Member listed on the Policy is claiming for Treatment where they have or could receive Compensation from another party (e.g. workers' Compensation, third party insurance).
- That the Member Card does not confirm that the Policy is financially up-to-date.
- That the Members details must be confirmed by Us before We can pay any Claims.
- To let Us share information with other people listed on the Policy. This means We may make other Members aware, for example, of some Benefits and services claimed on the Policy.

More important information about the Member Card:

- The card is not transferable.
- The card must not be left with any Provider or other party.
- The card is Our property – Members must return it if asked.
- Members must return or destroy the card if the Policy is cancelled.
- Members must notify Us immediately if the card is lost or stolen.
- If the card is forgotten the Member will need to pay for the Treatment in full, obtain an Official Provider Receipt, and Claim Benefits from Us later.
- Replacement cards can be requested by calling Us.
- If any changes are made to the persons Covered on a Policy, a new card will be issued to reflect the Members Covered on the Policy.

## Claims

- Benefits will only be paid for Claims which meet Our Fund Rules and criteria. If you're unsure what might be Covered We'd encourage you to contact Us before claiming by calling **13 22 44**.
- We reserve the right to recover any money paid in error, obtained fraudulently, or by any other means contrary to Our Fund Rules and criteria.
- The Member number on the front of the Member Card must be quoted for all Claims.
- Members will not be paid any Benefits if their Policy is not financially up-to-date. If Premiums are in arrears We may cancel a Policy that is more than 2 months in arrears.
- Medical Benefits (e.g. for services provided by a specialist, or Pathology and radiology services) will only be paid if the services were administered whilst you were an admitted Private Patient in a Hospital.
- Claims for medical Benefits (e.g. for services provided by a specialist, or Pathology and radiology services) provided while you were an admitted Private Patient in a Hospital must be submitted to Medicare before you forward the Claim to Us.

### Supporting documentation for Claims

Claims for Benefits must:

- Be made in a manner approved by Us; and
- Be supported by an Official Provider Receipt meaning accounts and/or receipts on the Provider's letterhead or showing the Provider's official stamp, and showing the following information:
  - ◆ The Provider's name, Provider number and address;
  - ◆ The Patient's full name and address;
  - ◆ The date of service;
  - ◆ The description of the service;
  - ◆ The amount(s) charged; and
  - ◆ Any other information that We may reasonably request.
- Be accompanied by a Health Management Program Supporting Document form, which has been signed by your health professional (required only for Claims made for the Healthier Lifestyle Benefit).
- Unless otherwise agreed by Us, all documents submitted in connection with a Claim become Our property.

### Time limit on Claims

Benefits are not payable where a Claim is lodged more than 2 years after the date on which the service is provided. We may authorise a Member to delegate to another Member on the Policy the right to Claim or assign Benefits to which the Member may be entitled.

### Method of payment of Benefits

We may pay Benefits by electronic funds transfer in accordance with arrangements that We determine.

---

## Benefits not payable

Benefits are not payable for:

- Services not Covered by the Product in accordance with the Fund Rules.
- Services provided during a Waiting Period.
- Services provided after the Annual Benefit Limit, Service Limit or Lifetime Limit has been reached.
- Policy applications or Claims where false or inaccurate information is supplied.
- Services that are for Treatments where a Member received or established a right to receive Compensation from a third party. Where rights to receive payments by way of liable third party/ Compensation have not been determined, We may make provisional payments of Benefits pending the determination or settlement of the Claim. We have the right to recover any such payments once a determination or settlement has been granted.
- Services given to Members by a Provider who is a spouse, de facto partner, dependant, family member or business partner of the Member, or services given to a Member by the spouse, de facto partner, dependants, or family members of the Provider's business partner.
- Services like examinations for life insurance, health certificates, mass immunisation, health screens and other expenses incurred for services required by employers.
- Services that have already been claimed from your annual limits under Previous Cover. If you have used all or part of your annual Benefits with your previous health Fund or your Cover with Us, We will adjust your new annual Benefits accordingly.
- Incomplete Claims.
- Consultations Covered by a Medicare Primary Health Care Plan, e.g. psychology or dental plans.
- Services performed by a medical practitioner, specialist, radiologist, radiographer, sonographer or pathologist when you were not an admitted Private Patient in a Hospital.
- Services by Providers not recognised by Us.
- Services provided outside of Australia.
- Treatment received in international waters.
- Goods purchased outside of Australia. When purchasing goods online, the company must have a physical business conducted in Australia (and cannot simply be a website ending in .com.au).

See also *General terms of Extras Cover* for more information relating to when Benefits are payable.

## Obligations if entitled to Compensation

Subject to the following, a Member who has, or may have, a right to receive Compensation in relation to an injury, must:

- Inform Us as soon as the Member knows or suspects that such a right exists;
- Inform Us of any decision of the Member to Claim for Compensation;
- Include in any Claim for Compensation the full amount of all expenses for which Benefits are, or would otherwise be, payable;
- Take all reasonable steps to pursue the Claim for Compensation to Our reasonable satisfaction;
- Keep Us informed of and updated as to the progress of the Claim for Compensation;
- Inform Us immediately upon the determination or settlement of the Claim for Compensation; and
- Repay Us any Benefits paid in respect of the injury.

Benefits are not payable for expenses incurred (including after the Member has received any Compensation) in relation to an injury where the Member has received, or may be entitled to receive, Compensation in respect of that injury.

Where We reasonably form the view that a Member has or may have a right to make a Claim for Compensation in respect of an injury, but that right has not been established, We may withhold payment of Benefits for expenses incurred in relation to that injury.

### Provisional payment of Benefits

Where a Claim for Compensation in respect of an injury is in the process of being made, or has been made and remains unfinalised, We may at Our absolute discretion make a provisional payment of Benefits in respect of expenses incurred in relation to the injury. In exercising its discretion, We may consider factors such as unemployment or financial hardship or any other factors that it considers relevant. We have the right to recover any part of a provisional payment once a determination or settlement has been granted.

## Private Health Information Statements

The Australian Government requires all health funds to provide information to consumers about their private health insurance policies in a format that is consistent across all private health funds. This format is called a Private Health Information Statement.

We will:

- Provide a Private Health Information Statement to the Policy Holder on commencement of a Policy with Us, and at least once every 12 months after the commencement of that Policy;
- Maintain and make available Private Health Information Statements in accordance with the requirements of the Private Health Insurance Act.

To receive a Private Health Information Statement, call Us.

---

## Cancelling the Policy

Unless otherwise permitted by Us, any cancellation of a Policy:

- Must be authorised by the Policy Holder in writing or by calling Us;
- Can only be implemented from the date notice is provided and may not have retrospective effect; and
- Must be in accordance with other arrangements specified by Us.

### Refund of Premiums

We may in Our discretion refund any excess Premiums when a Policy is cancelled if requested to do so by the Policy Holder in writing, or by the Policy Holder calling Us.

### Termination of a Policy

We may terminate a Policy:

- If a Policy Holder is in arrears by more than 2 months.
- If a Policy Holder fails to reactivate the Policy following a suspension.
- If We transfer all the Members Covered under a Closed Product or Closed Policy Category within an Open Product to an Open Product. Closed Product or Closed Policy Category means a Product or Policy Category which is no longer open for new Policy Holders to join; and Open Product means a Product which any new Policy Holders may join.
- We will provide any Policy Holders subject to a transfer and termination reasonable prior notice of the transfer and termination.

### Improper advantage or unacceptable behaviour

We may, by notice in writing to the Policy Holder, terminate a Policy where, in Our opinion:

- A Member Covered by the Policy has obtained or attempted to obtain an advantage, monetary or otherwise, whether for the Member or for any other person, to which the Member is not entitled; or
- A Member has engaged in inappropriate behaviour including abuse of Our employees.

This section should be read in conjunction with your Product Information brochure. Not every health Cover includes Benefits for Hospital Treatment.

## **Always call Us before going to Hospital**

We will help you check if the procedure will be Covered on your Policy and help you to understand the best ways to avoid potential Out-Of-Pocket Expenses.

## **Agreement Private Hospitals**

To reduce the amount of Hospital charges you pay including Accommodation charges, operating theatre fees and to minimise Out-Of-Pocket Expenses, Members should attend an Agreement Private Hospital for Hospital Treatment that is Covered by the agreement. For example, if a Member chooses to attend an Agreement Private Hospital, they are Covered for Accommodation and operating theatre fees for services included in the Hospital agreement.

If a Member chooses to attend a Hospital, private or public, that is not an Agreement Private Hospital or for a service that is not Covered by that agreement, they are responsible for paying any difference between the Hospital's total charges (including Out-Of-Pocket Expenses) and the Benefit We pay. For example, if the Member receives a Private Room at their request. If you choose to be treated at a Private Hospital that does not have an agreement with Us or for a service not Covered by the agreement, you are likely to incur higher Out-Of-Pocket Expenses for most Hospital related services than you would at an Agreement Private Hospital for that agreed service.

It is the Hospital's responsibility to inform Members in writing of applicable Hospital charges and any potential Out-Of-Pocket Expenses prior to their Admission. The Member should also provide their written consent to these charges. This is called Informed Financial Consent.

To check if the Hospital is an Agreement Private Hospital call Us or visit Our website.

## **What is Covered**

We will pay Benefits for Hospital Treatment only where the:

- Service is included under the Member's Product, in accordance with the Fund Rules;
- Service meets Medicare eligibility criteria for a Medicare benefit to be paid;
- Member has served all relevant Waiting Periods;
- Policy is financially up to date;
- Service is provided to an admitted Patient;
- Other Conditions for the Claim have been met (see 'Claims' under General Terms of Cover).

---

## Hospital Excess

Many Hospital Products require the payment of a Hospital Excess (*check your Product Information*) as a means of lowering the Premium that would otherwise apply to a Product.

- The Hospital Excess is payable to the Hospital prior to receiving Treatment from the Hospital. To avoid doubt, a Hospital Excess is payable where We pay a Benefit for Claimable Hospital Expenses under a Hospital Product which meets the requirements for Admission to hospital.
- The number of times a Hospital Excess is payable per Calendar Year varies (*check your Product Information*).
- Some Hospital Products waive the Hospital Excess for Dependant Children under 21 (*check your Product Information*). However if it is the Policy Holder who is under 21 years, the Hospital Excess will apply irrespective of the Product held.
- When changing to a new Hospital Product:
  - ◆ If the new Policy has a higher Hospital Excess the higher Hospital Excess will be payable immediately.
  - ◆ If the Hospital Excess on the new Cover is lower than the previous Cover, the previous Hospital Excess will apply for the duration of the Standard Hospital Waiting Period that applies to a Benefit (regardless whether a Member is required to serve a Waiting Period in order to make a Claim for that Benefit).
- The Hospital Excess cannot be claimed through Us or Medicare.

## Informed Financial Consent

It is the responsibility of the treating specialist and the Hospital to advise of potential Out-Of-Pocket Expenses prior to the Member's Admission to Hospital. This is called Informed Financial Consent.

Members should always call Us when they learn they need to go Hospital. We can help check what will be Covered and advise on the best ways to avoid potential Out-Of-Pocket Expenses.

## Included Services

If the Treatment is an 'Included Service', We will pay Benefits towards the following when provided to an admitted Patient in an Agreement Private Hospital:

- Hospital Accommodation (i.e. the Patient's bed and a Private Room if available).
- Operating theatre fees.
- Intensive care, coronary care, neonatal care and labour ward fees.
- Patient meals.
- Ward drugs and sundry medical supplies (e.g. bandages, non-prescription pain killers).
- Associated Treatments for Complications (*see requirements in Section 2*).
- Associated Unplanned Treatments (*see requirements in Section 2*).
- Common Treatments and support Treatments (*see further information below*).

We will also Cover the following things in-line with Our agreement with the Hospital. Patients may have an Out-Of-Pocket Expense if they exceed the contracted allowance for these services:

- Dressings, sutures, needles and other disposable items.
- Pharmaceuticals to the extent set out below.

### Pharmaceuticals provided in Hospitals

Where a Hospital Product includes Benefits for PBS medications, We will meet the full cost of the PBS pharmaceutical to the Patient if it is directly related to the Treatment for which the Patient was admitted.

- The full cost referred to above includes the Patient co-payment, and any special or Patient contribution, brand Premium or therapeutic Premium otherwise payable by the Patient under the Pharmaceutical Benefits Scheme; and
- Benefits for non-PBS medications supplied to Patients are payable in accordance with the agreement with the Hospital if:
  - ◆ Benefits are specifically included in the agreement with the Hospital; and
  - ◆ The pharmaceutical is directly related to the Treatment for which the Patient is admitted.

The Benefits described above are only payable for pharmaceutical items that are:

- Approved by the Therapeutic Goods Administration and entered in the Australia Register of Therapeutic Goods (ARTG) for use in Australia as part of the standard Treatment; and
- Where the item is intrinsic to the Patient's Hospital Treatment.

No Benefits are payable for:

- Contraceptive drugs;
- Drugs issued for the sole purpose of use at home; or
- Pharmacy items charged in a Public Hospital.

### High cost drugs

High cost drugs are sometimes used in oncology and other Treatments. You may be left with large Out-Of-Pocket Expenses as some of these drugs are not Covered by the Pharmaceutical Benefits Scheme and may not be part of the standard Treatment for your Condition. Therefore, health insurance does not normally Cover them. You may be able to Claim part of the cost of these drugs where:

- *Received as an admitted Patient* if the drug is included in Our agreement with the Hospital for your particular type of Treatment.
- *Received as an Outpatient* if your Extras Product includes the pharmaceutical prescriptions Benefit and it Covers these drugs.

### Doctors and specialists fees

Fees apply to GPs, specialists, radiology, Pathology and ultrasound services provided to admitted Patients. For every item recognised by Medicare they also provide a recommended fee called a Medicare Benefits Schedule Fee. Medicare will pay:

- 75% of the Medicare Benefits Schedule Fee for GPs and specialists.
- 75% of the Medicare Benefits Schedule Fee for scans and tests.
- We will pay the remaining 25% of the Medicare Benefits Schedule Fee.

---

In the case of GPs and specialists who charge more than the Medicare Benefits Schedule Fee, We may be able to help Cover these costs too, providing the GP or specialist agree to participate in Our MediGap Scheme.

Our MediGap Scheme means that We will agree to pay an extra amount in addition to the standard 25% for services Covered under nib's MediGap Scheme. We've built up a network of doctors and specialists who may charge Us directly, at no additional cost to the Patient. However:

- Doctors can choose on a case-by-case basis if they are going to treat Our Member as a MediGap Patient (or not).
- Members are advised to ask the doctor if they can be treated as a MediGap Patient, and if other Providers who will be treating them (e.g. an anaesthetist) will also treat them as a MediGap Patient.
- MediGap will only Cover services provided during the Hospital stay.
- Any Consultations before and after the Hospital stay will not be Covered.
- Administration and booking fees are not Covered by Our MediGap Scheme.
- We will only pay a Benefit for services provided by a doctor or specialist if those services were administered whilst you were an admitted Private Patient in a Hospital.
- Items covered under the MediGap Scheme and benefits paid to Specialists under the MediGap Schedule of Benefits may change from time to time.

If the GP or specialist does not agree to participate in the MediGap Scheme, you must pay the difference between what the GP or specialist's charge and the Medicare Benefits Schedule Fee.

Practitioners may choose to leave the MediGap network from time to time. We recommend you check when booking if the practitioner participates in the MediGap Scheme.

## **Government Approved Prosthetic Devices**

Depending on the type of procedure a Government Approved Prosthetic Device may be required. The Federal Government lists prostheses that may be fully Covered by health insurance.

- For every prosthesis recognised by the Government they also provide a recommended fee – similar to a recommended retail price.
- We will pay Benefits equivalent to the fee recommended by the Government.
- If the specialist chooses a prosthesis and the price charged by the Hospital is equal to the Government's recommended fee, the Patient won't have any out-of-pockets to pay.
- Where the price is greater, the Patient will only be partly Covered and will have an out-of-pocket to pay.
- In cases where a specialist has recommended the use of a prosthesis that may result in an Out-Of-Pocket Expense, you should ask to be provided with a second no out-of-pocket option from the Prostheses List.
- Some devices aren't recognised on the Government's list and won't be Covered at all by Us.
- Be sure to ask your doctor or specialist if the device they have chosen will require you to pay an Out-Of-Pocket Expense. If they aren't certain they may ask you to speak with the Hospital.

## Same day Hospital patients

Benefits for same day Hospital Accommodation are payable only where the Member is an admitted Patient. Same day Benefits are determined by the Patient classifications and guidelines issued by the Minister. Same day Outpatient services are not payable.

## Multiple Treatments

Subject to the sections below regarding Associated Treatments for Complications, Associated Unplanned Treatments and common and support Treatments, where a Patient undergoes more than one type of Hospital Treatment during a Hospital Admission, We will only Cover Accommodation, theatre fees and procedures related to the Covered Treatment performed as part of that Admission. If one or some Hospital Treatments are Covered as a Restricted Service, We will pay Restricted Benefits toward any part of the costs associated with that Treatment. If one or some Hospital Treatments are Excluded, no benefits will be paid toward any part of the costs associated with the Excluded Treatment.

In the event of multiple procedures, the Medicare Multiple Operation Rule may apply to the doctors and specialists fees. This affects the total Medicare scheduled fee and therefore your out-of-pocket costs.

## Associated Treatments for Complications and Associated Unplanned Treatments

Where a Patient undergoes Hospital Treatment that is Covered under their Product, We will also Cover any Associated Treatments for Complications that arise during that episode of Hospital Treatment.

Where a Patient undergoes Hospital Treatment that is Covered under their Product, We will also Cover any Associated Unplanned Treatments that are provided as part of the planned surgery performed during that episode, providing it is, in the view of the medical practitioner who provides the unplanned Treatment, both medically necessary and urgent.

## Common Treatments and support Treatments

Where a Patient undergoes Hospital Treatment that is Covered under their Product, We will Cover a number of MBS items that are identified as common Treatments. We will also Cover a number of MBS items that are commonly used and identified to support the provision of a principal Hospital Treatment.

## Restricted Services

If a Member goes to Hospital for a Restricted Service on their Hospital Product they will only be paid Benefits equivalent to those paid for Private Patients receiving Treatment in a shared ward of a Public Hospital.

- Not every health Cover has Restricted Services (*check your Product Information*).
- Patients will have significant out-of-pockets to pay if they attend a Private Hospital for a Restricted Service.
- Restricted Services do not provide any benefits for labour wards or theatre fees and some other services in a Private Hospital.
- Patients will also have out-of-pockets to pay if they stay in a Private Room of a Public Hospital for a Restricted Service.
- Public Hospitals (at their discretion) have the right to refuse private doctors. If you are planning Treatment as a Private Patient in a Public Hospital, contact the Hospital beforehand to see if your preferred doctor is permitted to treat you in your chosen Public Hospital.

---

Restricted Services may not apply in the event a Member requires Treatment as the result of an Accident – depending on the Member's level of Cover (see *Accidental Injury Benefit*).

Call us to find out more about the Benefits that apply to your Treatment.

### **Benefit Limitation Period**

Benefit Limitation Period is a period of time during which a new Member is entitled to Restricted Benefits or Minimum Benefits Payable for a particular Condition or Treatment, as set out in their Product Information.

From 1 July 2018, all Benefit Limitation Periods have been removed from our Products. If a Benefit Limitation Period applied to your Product, and you received Treatment prior to 1 July 2018, the Benefit Limitation Period will continue to be applied for that Treatment and Members may experience significant out-of-pocket costs in relation to that Treatment.

### **Nursing Home Type Benefit**

A Nursing Home Type Benefit is a Benefit set by the Federal Government for a Patient who is in Hospital, but not in need of acute Hospital care.

Where a Member is classified as a Nursing Home Type Patient they will be required to contribute a daily co-payment towards the cost of their Hospital stay (co-payments are also determined by the Federal Government).

### **Emergency Admissions**

In most cases during an emergency Members will be taken to a Public Hospital and if required would normally be admitted as a public (Medicare) Patient.

On other occasions, the Hospital may ask the Member, or their family, if they wish to be admitted as a Private Patient. It is important to remember:

- In this situation if there is no time to go through the proper Informed Financial Consent process, Members may experience unexpected Out-Of-Pocket Expenses as result of being treated as a Private Patient (e.g. they may have to pay a Hospital Excess as a Private Patient).
- Health insurance provides little advantage to Treatment during an emergency (i.e. no choice of doctor, no choice of Hospital). It may help the Member receive a Private Room after Treatment, but this is not guaranteed and may mean the Member pays any Private Room Accommodation charges depending on their Product in accordance with the Fund Rules.
- During an emergency where there's no time to obtain proper Informed Financial Consent, We advise Members to ask to be admitted as a public (Medicare) Patient. After discharge Members can ask to be re-admitted as a Private Patient once they have had time to ask the Hospital if there may be additional cost to them to do so.

Private Hospital emergency room and Outpatient fees are not Covered by Us.

### **Accidental Injury Benefit**

Some of Our health Covers will Cover Accidents only in line with the Benefits provided by the Product (e.g. a Restricted Service remains Restricted irrespective of an Accident).

Other health Covers provide extra coverage where services that would ordinarily be Excluded Services or Restricted Services. These services will be included if required directly as the result of an Accident – this Benefit is referred to as the 'Accidental Injury Benefit'.

- Not every health Cover has the Accidental Injury Benefit (*check your Product Information*).
- To ensure a Member is Covered for the immediate necessary Treatment or procedures required as the result of an Accident, it will be necessary to provide evidence to Us that they sought Treatment at a Hospital Emergency Department or through a Medical Practitioner within 72 hours of the Accident. An Emergency Department attendance as an Outpatient service is not classed as an Admission and is not payable by the Fund.
- If the criteria for applying the Accidental Injury Benefit has been met, this Benefit may apply after the Member has been admitted as an inpatient. This can include being admitted initially and/or being sent home after an Emergency Department consult to be admitted at a later date (but within 90 days of the Accident).
- If further Treatment is needed in Hospital as an admitted Patient, the Member must be re-admitted to a Hospital within 90 days of date of Accident. Further Treatment or procedures relating to the Accident will only be Covered if the initial Treatment or procedure was Covered by the Accidental Injury Benefit.
- Any additional Hospital Treatment (after the initial 90 days) will be paid as per the level of Benefits on the Member's level of Cover if applicable.
- If a Member suffers an Accident, they and the attending doctor in Hospital may be asked to complete an Accident Form (available from Us) or to contact Us.
- Benefits are not payable for expenses incurred in relation to an injury where Compensation may be claimed for that injury.

### **Dental surgery in Hospital**

Not every health Cover includes dental surgery in Hospital (*check your Product Information*). It is important to be aware that the dentist's fees for dental Treatment performed in Hospital are paid out of the Member's Extras Benefits and therefore subject to Annual Benefits Limits and not eligible for the MediGap Scheme.

Members who have only a Hospital Product (i.e. do not also have Extras Cover) will not receive Benefits for dentists' fees in Hospital. But the other Hospital costs (anaesthetist fees, Hospital fees) will be Covered in line with the Benefits provided by the Policy.

### **IVF and other assisted reproductive Services in Hospital**

Not every health Cover includes Treatment for IVF or GIFT in Hospital (*check your Product Information*). It is important to be aware that health insurance will only Cover the portion of these costs that relate to an Admission to Hospital. Outpatient specialist fees or other Outpatient fees in relation to assisted reproductive services (for example, laboratory and storage fees) are not Covered.

### **Podiatric surgery (provided by a registered podiatric surgeon) in Hospital**

Only a podiatric surgeon who holds a registration in the specialty of podiatric surgery under the relevant State or Territory registration requirements is recognised by Us. Not every health Cover includes podiatric surgery (provided by a registered podiatric surgeon) in Hospital. Coverage for Hospital Treatment for the investigation and Treatment of conditions affecting the foot and/or ankle, provided by a registered podiatric surgeon, is limited to Cover for:

- Accommodation; and
- The cost of a prosthesis as listed in the prostheses list set out in the Private Health Insurance (Prostheses) Rules.

---

It is important to be aware that podiatric surgeon fees for services performed in Hospital are not Covered. We will not pay benefits for theatre fees and services performed by the podiatric surgeon, any medical practitioner, specialist, radiologist, radiographer, sonographer, or pathologist that may be provided during or associated with podiatric surgery (provided by a registered podiatric surgeon).

## **Chemotherapy, Radiotherapy and Immunotherapy for Cancer in Hospital**

Not every health Cover includes chemotherapy, radiotherapy and immunotherapy for cancer in Hospital (*check your Product Information*).

It is important to be aware that health insurance will only Cover the portion of these costs that relate to an Admission to Hospital. Specialist fees outside of Hospital, or other Outpatient fees in relation to chemotherapy, radiotherapy and immunotherapy aren't Covered.

High cost drugs are sometimes requested for the Treatment of some cancers. Typically high-cost drugs are for newer Treatments that are not recognised by the Pharmaceutical Benefit Scheme (PBS) because the PBS considers them to be still under clinical trial and therefore experimental Treatments. Health insurance will not Cover high cost drugs for the same reasons (or may only Cover a small portion of the cost). It is the responsibility of the treating doctor, and Hospital, to inform Patients about the potential for large out-of-pockets as a result of high cost drugs (*see 'General terms of Hospital Cover' and 'High cost drugs'*). Surgical Treatment for cancer is listed separately to Chemotherapy, Radiotherapy and Immunotherapy for Cancer under each body system (check your Product Information). E.g. if Eye (not cataracts) is Excluded from your Cover, then surgical Treatment for cancer of the eye would also not be Covered.

## **What is Covered for Chemotherapy, Radiotherapy and Immunotherapy for Cancer**

- In-hospital cancer Treatments such as an initial chemotherapy cycle and some radiotherapy Treatments.
- Medications approved under the Pharmaceutical Benefits Scheme and delivered as part of in-hospital Treatment.

## **What is not Covered for Chemotherapy, Radiotherapy and Immunotherapy for Cancer**

- Outpatient Treatments and associated expenses including, but not limited to, outpatient and home based chemotherapy, radiotherapy, immunotherapy, radiology, pathology, psychological support and physical therapy.
- High cost drugs not approved under the Pharmaceutical Benefits Scheme (*see 'High cost drugs'*).
- Outpatient services performed by a doctor or specialist.
- Other excluded services listed in this Policy Booklet under General terms of Hospital Cover subheading 'What is not Covered'.

## **Minimum Benefits Payable (MBP) when applied to Hospital Psychiatric Services, Palliative Care and Rehabilitation**

Minimum Benefits are payable for Hospital Psychiatric Services, Palliative Care and Rehabilitation, if the Treatment for these services are not included on your policy.

If you're attending a Private Hospital for Hospital Psychiatric Services, Palliative Care or Rehabilitation services where MBP applies, there will be significant Out-of-Pocket Expenses. If the Treatment is limited to MBP and is important to you, We recommend you take out a higher level of Cover.

### **Mental Health Waiver**

The Mental Health Waiver allows Members to upgrade their Hospital Cover and waive the Standard 2 Month Waiting Period to access full benefits for Hospital Psychiatric Services. This waiver is only available to Members who have held Hospital Cover for at least the previous 2 months, have not previously used their waiver with Us or any other fund, have been Admitted to a Hospital and are under the care of an Addiction Medicine Specialist or Consultant Psychiatrist.

Members who are eligible to receive the Mental Health Waiver may backdate their Cover change to access full benefits beginning on their date of Admission, provided they contact Us on or before the fifth business day after their date of Admission.

To find out more, call us on **13 22 44**.

### **Excluded Services**

If a Member goes to Hospital for an Excluded Hospital Service on their Hospital Product they will not typically be Covered by Us.

- Not every health Cover has Excluded Hospital Services (*check your Product Information*).
- Patients will have to pay the full cost (less any Benefits payable by Medicare) if they are admitted as a Private Patient.

Excluded Hospital Services may be Covered in the event of an Accident – depending on the Member's level of Cover (*see Accidental Injury Benefit*). Hospital Services may also be Covered in circumstances where the services are considered an Associated Treatment for Complications or an Associated Unplanned Treatment (*see Associated Treatments for Complications and Associated Unplanned Treatments in Section 2*).

### **What is not Covered**

- Any service listed as an Excluded Service for a Product under the Fund Rules on a Member's Policy.
- Any Hospital Excess.
- Procedures within Waiting Periods.
- In-Hospital Treatment, drugs or disposable items not recognised for payment of Benefits by Medicare (for example, some items associated with robotic surgery or other new or experimental drugs/technologies)
- Cosmetic Treatments to enhance appearance (including dental implants).
- Beauty services, phone calls, TV hire, car parking, luxury rooms and other Hospital Treatment that aren't directly related to a Patient's Treatment and care.
- Admission or booking fees charged by a specialist or the Hospital.
- Pharmaceuticals available under the PBS.
- Oral contraceptives.

- 
- Services rendered in a nursing home.
  - Private Room Accommodation for a same day procedure.
  - Respite care.
  - Take-home items.
  - Experimental and/or Treatment not Covered by Medicare.
  - Autologous blood collection and storage.
  - Procedures performed in a doctor's surgery.
  - Private Hospital emergency or Outpatient fees.
  - Special nursing.
  - Nursing care at home for patients who have been discharged from Hospital early.
  - Outpatient services performed by a doctor, specialist or other health professional.
  - For Claims that do not meet Our General Terms (*see 'General terms of Cover' and 'Claims'*).

While We have done Our best to summarise the Benefits We will pay for Hospital Treatment, We recognise that circumstances may change.

Always call Us before going to Hospital. We can check what circumstances will be Covered and help you understand the best ways to reduce the amount you have to pay in Hospital charges and avoid potential Out-Of-Pocket Expenses. We can also provide a Going to Hospital Pack to help you through the process.

This section outlines the general terms of Extras Cover and should be read in conjunction with your relevant Product Information. Not every health Cover includes Benefits for Extras Treatment.

## **Always call Us before starting a new course of Treatment for Extras**

Call Us before undergoing a major course of Treatment for Extras to check if you will be Covered and to understand the best ways to avoid potential Out-Of-Pocket Expenses.

## **A note about Benefit limits**

It is not possible to transfer per person Benefit limits between Members on the same Policy, as our Fund Rules do not give Members this right.

## **Our Recognised Providers**

We will pay Benefits for Extras if the Member attends a Provider recognised by Us.

We will not pay Benefits for any Providers who are no longer one of Our Recognised Providers.

Members should check if their Provider is already recognised by Us before starting Treatment. If not, ask the Provider to contact Us by phone or by email at [providers@nib.com.au](mailto:providers@nib.com.au)

## **First Choice Providers**

Dental, optical and physiotherapy Providers who have agreed to a set fee or discounted rate for our members. You may pay less for dental Treatment, your physiotherapy consultation or your next pair of glasses by choosing a First Choice Provider.

- Set Treatment fees (for common dental treatments and physiotherapy individual / group consultations) or discounted rates (for select single vision glasses or contact lenses) apply to services covered by the First Choice Preferred Provider Agreement.
- Treatment fees and discounted rates are reviewed at least annually on 1st of April and may be subject to change.
- Practitioners may choose to leave the First Choice network from time to time.

We recommend confirming with your practitioner at the time of booking that they are part of the First Choice Network.

---

## What is Covered

Extras are the out-of-Hospital Treatments which are not normally Covered by Medicare – like visits to the dentist, a pair of glasses or physiotherapy.

- We will Cover the Extras included in a Member's Product in accordance with the Fund Rules.
- Normally only the cost of the Consultation will be Covered, unless otherwise stated.
- Services must be provided by one of Our Recognised Providers.
- If a Member sees the same Recognised Provider twice on the same day, only one Benefit will be payable.
- If a Provider performs multiple services within one Consultation (like remedial massage and acupuncture), the Treatment that attracts the higher Benefit will be paid.
- See also 'General terms of Cover' and 'Claims'.

Refer to your Product Information to see if the following specific Extras are included on your Policy.

**"Acupuncture"** means General Treatment that is:

- (a) approved by Us; and
- (b) provided during a Consultation by a Provider who is recognised by Us as an acupuncturist.

- (b) provided by a midwife or physiotherapist in Private Practice.

**"Artificial Aids"** means General Treatment that is:

- (a) included on Our Schedule of approved artificial aids.

Waiting Periods vary according to the device. Restrictions, appliance limits and replacements vary according to the device. Benefits are not payable for second-hand aids. Benefits are not payable for hire of aids. Call Us to see if your chosen artificial aid will be Covered and whether any appliance limits apply.

**"Chiropractic"** means General Treatment that is:

- (a) approved by Us; and
- (b) provided during a Consultation by a Provider who is registered or licensed to practice and recognised by Us as a chiropractor.

Chiropractic x-rays are also Covered in line with the Benefits provided by the Product (*check your Product Information*).

**"Dental Treatment"** means General Treatment that is:

- (a) approved by Us; and
- (b) provided during a Consultation by a Provider who is recognised by Us as a Dental Practitioner (a person registered or licensed to practice as a dental practitioner under a law of a State or Territory that provides for the registration or licensing of dental practitioners or dentists).

Only items recognised by the Australian Dental Association are Covered. Teeth whitening and other purely Cosmetic Treatments are not Covered. We recommend you obtain a quote before undergoing major Treatment. We require the dental item numbers before providing an estimate of the Benefits to be paid. Only certain items can be performed by a Dental Hygienist and we recommend calling us for information on what is Covered.

**“Dietary” or “Dietary Advice”** means General Treatment that is:

- (a) approved by Us; and
- (b) provided during a Consultation by a Provider who is recognised by Us as a dietician or a nutritionist.

- (b) quit smoking programs and nicotine replacement therapy (including nicotine patches, inhalers, lozenges and gum) that have been recognised by Us.
- (c) fitness centre/gym or personal training services recognised by Us where:
  - i. the membership of a fitness centre, visits to a fitness centre or sessions with a personal trainer is required to enable the Member to undertake a health management program for the Treatment of a health related Condition; and
  - ii. the health management program has been recommended to the Member by a medical practitioner or Provider who has the Member under their care for the Treatment of the health related Condition; and
  - iii. all supporting documentation required by Us in relation to the health management program has been completed in the manner requested by Us.
  - iv. the membership is not provided as part of a corporate membership program.
- (d) preventative testing procedures recognised by Us.

Services Covered may vary by health Cover (*check your Product Information*).

**“Hearing Aids”** means:

- (a) an appliance to correct a hearing defect; or
- (b) a component of such an appliance, that has been prescribed during a Consultation with a Provider who is recognised by Us as an audiologist.

Includes the cost of one repair for each Member in each Calendar Year.

**“Home Nursing”** means:

- (a) services provided by a registered general nurse in Private Practice;
- (b) Treatment of illness, disease, incapacity or disability when the Patient is totally dependent on nursing care.

Benefits are not payable for services such as Mothercraft, Tresillian or Karitane nursing or a nurse-housekeeper during recovery after illness.

---

**“Natural Therapies”** means General Treatment that is:

- (a) approved by Us; and
- (b) provided during a Consultation with a Provider who is recognised by Us to provide natural therapy Treatment.

**“Non PBS Pharmaceuticals”** means General Treatment that is payable when the drug is:

Dispensed by either a registered pharmacy in private practice or a doctor; and

- (a) only available on prescription; and
- (b) listed on the Australian Register of Therapeutic Goods (ARTG); and
- (c) published within the Poisons Standard as S4 or S8; and
- (d) not listed in the Schedule of Pharmaceutical Benefits (PBS), or is listed on the PBS but used for an indication that is not recognised by the PBS; and
- (e) for compounded drugs, at least one component must meet the conditions (a) to (d); and
- (f) for compounded drugs, all other components must meet conditions (b) or (c) and condition (d).

Benefits are not payable for:

- (a) prescriptions dispensed to hospital inpatients.
- (b) items used for contraceptive purposes.
- (c) drugs that are available over-the-counter, even when prescribed.

Depending on your level of Cover you may be required to pay an amount equal to the maximum PBS Patient contribution charge before Benefits are payable by Us (*check your Product Information*).

**“Occupational Therapy”** means General Treatment that is:

- (a) approved by Us; and
- (b) provided during a Consultation with a Provider who is registered, or licensed to practice, and recognised by Us to provide occupational therapy Treatment.

**“Optical Appliance”** means:

Benefits are not payable for group speech therapy.

## What is not Covered

- Extras not included in the Member's Product in accordance with the Fund Rules.
- Extras already Covered, in whole or part, by Medicare (except for certain types of Hospital-substitute Treatment).
- Providers who do not meet Our criteria.
- Providers who are not one of Our Recognised Providers.
- Extras or prescriptions provided to an admitted Patient (these may be Covered under a Hospital Product).
- Extras Benefit entitlements accrued under another Fund's loyalty bonus scheme.
- Claims that do not meet with Our General Terms (see *'General terms of Cover' and 'Claims'*).

This section should be read in conjunction with your Product Information brochure. Not every health Cover includes Benefits for ambulance transportation.

## Our Recognised Providers

Ambulance transport provided by a State or Territory ambulance service.

## What is Covered

Emergency ambulance transport to Hospital provided by a State or Territory ambulance service.

- Emergency ambulance call out fees (where the Member is treated at the scene by paramedics and it is determined that transport to Hospital is not required).
- Transport between Hospitals when the transfer is required as a result of the existing Hospital not specialising in the Treatment required.

## What is not Covered

- Private ambulance and private transport services.
- Residents of Queensland and Tasmania who have ambulance services provided by their State ambulance schemes.
- Pension and health care card holders who have ambulance services provided by State ambulance schemes (check entitlements with Centrelink if unsure).
- Claims that do not meet Our General Terms (see 'General terms of Cover' and 'Claims').
- Transport from Hospital to your home, for example if you are unable to make your own way home from Hospital after Treatment.

Also, you may not be Covered for:

- Transport between Hospitals unless the transfer is required due to medical necessity determined by the treating doctor (with sufficient evidence provided to Us), and the transfer is provided by a State or Territory ambulance service.

We will:

- Treat Members as valued customers;
- Answer questions promptly and accurately at the first point of contact (wherever possible);
- Provide detailed health Policy information and help Members understand what they are Covered for;
- Deal with feedback and complaints in a timely and responsible manner;
- Help Members understand any potential Out-Of-Pocket Expenses that they may face when going to Hospital;
- Provide timely and accurate Hospital eligibility checks;
- Comply with all aspects of the Private Health Insurance Act and the Private Health Insurance Code of Conduct;
- Provide 30 to 60 days written notification of detrimental Product changes and 14 days notification of a Premium increase;
- Meet the terms outlined in Our direct debit Agreement;
- Provide a 30 day cooling off period on all health Cover sales and Product changes (providing no Claims are made during that time); and
- Treat personal information with respect and in total accordance with Our Privacy Policy and the National Privacy Principles.

By taking out a Policy with Us you agree to:

- Be accurate and truthful in your health insurance application and Claims;
- Undertake to understand Waiting Periods and what you are Covered for, and if unsure – ask Us;
- Call Us as soon as you learn you need to go to Hospital;
- Review your health Cover at least once per year, or as your needs change (e.g. get married);
- Keep your health insurance Premiums up to date to ensure you remain Covered;
- Meet the terms outlined in Our direct debit Request Service Agreement;
- Seek information about your Out-Of-Pocket Expenses from your doctors and the Hospital before any Hospital Admission;
- Provide all information reasonably required by Us in relation to all Policies;
- Notify Us as soon as reasonably possible after a change in Policy details; and
- Give full and complete disclosure on all matters required by Us.

## Medicare Levy Surcharge

If your taxable income is above the Medicare Levy Surcharge Thresholds, and you do not have an appropriate level of Private Hospital Cover you may have to pay the Medicare Levy Surcharge.

This can be up to an additional 1.5% in tax (on top of the normal Medicare Levy).

See below:

	Base Tier	Tier 1	Tier 2	Tier 3
<b>Income level Singles</b>	\$90,000 or less	\$90,001 to \$105,000	\$105,001 to \$140,000	\$140,001 or more
<b>Income level Families</b>	\$180,000 or less	\$180,001 to \$210,000	\$210,001 to \$280,000	\$280,001 or more
<b>Medicare Levy Surcharge</b>				
	0%	1%	1.25%	1.5%

Source: Australian Tax Office. These thresholds apply for the 2020/2021 financial year. For families the thresholds increase by \$1,500 for each Dependant Child after the first. There are specific rules for calculating income for Medicare Levy Surcharge purposes. For more information go to [ato.gov.au](http://ato.gov.au)

## Lifetime Health Cover

Lifetime Health Cover (LHC) is a Federal Government initiative that encourages people to join private health Cover earlier in life.

Under LHC, if you join Hospital Cover after 1 July following your 31st birthday, you will have to pay a 2% loading on top of the normal Premiums for each year you waited before taking out private health Cover. Not just with Us, but with any health Fund. The loading applies for 10 years of continuous Hospital Cover.

For example, if someone waits until they are 40 they will pay 20% more than someone on the same Cover who joined before they were 31.

- The LHC loading does not apply to the health Cover of those born before 1 July 1934.
- LHC allows for changes in circumstances, and lets Members drop their Hospital Cover for a cumulative total of 1094 days in their lifetime.
- After 1094 days absence from Hospital Cover, a 2% loading will be added to the Premiums for every 365 days they do not have it. If a Member suspends their Cover, this period will not be deducted from the 1094 days.
- After 10 years of continuous Hospital Cover, loading will be removed on the 10 year anniversary date.
- If transferring from another health Fund your Lifetime Health Cover information will be provided to Us from your previous health Fund.

For more information about Lifetime Health Cover, visit [privatehealth.gov.au](http://privatehealth.gov.au) or The Department of Health at [health.gov.au](http://health.gov.au)

## The Australian Government Rebate on Private Health Insurance

The Australian Government Rebate offers a saving on the cost of private health Cover funded by the Federal Government. The level of Rebate you could be entitled to receive is based on the age of the oldest person on the Policy and your taxable income (or combined family income for couples and families). The table below will help you determine which rebate level you could be entitled to. The Rebate percentages are set annually by the Australian Government.

If you have a Lifetime Health Cover (LHC) loading, the Rebate is not claimable on the LHC loading component of your Premium.

	Base Tier	Tier 1	Tier 2	Tier 3
<b>Income level Singles</b>	\$90,000 or less	\$90,001 to \$105,000	\$105,001 to \$140,000	\$140,001 or more
<b>Income level Families</b>	\$180,000 or less	\$180,001 to \$210,000	\$210,001 to \$280,000	\$280,001 or more

Source: Australian Tax Office. These thresholds apply for the 2020/2021 financial year. For families the thresholds increase by \$1,500 for each Dependant Child after the first. There are specific rules for calculating income for Australian Government Rebate purposes. For more information go to [ato.gov.au](http://ato.gov.au)

## Australian Government Rebate

From 1 April 2019

	Base Tier	Tier 1	Tier 2	Tier 3
<b>Aged under 65</b>	25.059%	16.706%	8.352%	0.00%
<b>Aged 65-69</b>	29.236%	20.883%	12.529%	0.00%
<b>Aged 70 or over</b>	33.413%	25.059%	16.706%	0.00%

Most Policy Holders Claim the Rebate upfront as it reduces the Premium paid to Us. However you can choose to Claim the Rebate at tax time.

All Our Products are eligible to receive the Rebate.

To be eligible for the Rebate:

- All Members listed on the Policy must be eligible for Medicare.
- The Policy Holder needs to let Us know that they wish to Claim the Rebate when they join (or otherwise complete an Application to receive the Australian Government Rebate or provide this information via Our website).
- If the Policy Holder does not inform Us that they wish to Claim the Rebate, We will not apply the Rebate. This may result in higher Premiums.

If the Policy Holder applies a Rebate in excess of their entitlement the difference will be worked out at tax time by the Australian Tax Office, meaning you may have a tax bill (or tax credit) for the difference.

For more information about the Australian Government Rebate visit [privatehealth.gov.au](http://privatehealth.gov.au) or The Department of Health at [health.gov.au](http://health.gov.au) or the Australian Taxation Office at [ato.gov.au](http://ato.gov.au)

# How to resolve a complaint or dispute

## 10 SECTION

We understand the importance of providing excellent service, and how to help Members get value from their health Cover. We also know that Member feedback can help improve the quality of service. We have a process for dealing with complaints to ensure they are heard, which is free of charge.

### Step 1: Talk to Us

The first thing you should do is talk to one of Our consultants about your concern. Phone Us on **13 22 44**.

The consultant may be able to resolve the complaint for you.

### Step 2: Contact Customer Resolutions

If the consultant cannot resolve your complaint, you may request the matter be referred to Our Customer Resolutions Team.

The Customer Resolutions Team will aim to acknowledge receipt of your complaint within 2 working days and assign a Case Manager to conduct an independent review of the matter. Their commitment is to ensure that all complaints are dealt with respectfully, sensitively, fairly, promptly, knowledgeably and consistently.

You can choose to contact them by writing to:

Locked Bag 2010  
Newcastle NSW 2300

Or

Email: **[aamihealthcomplaints@nib.com.au](mailto:aamihealthcomplaints@nib.com.au)**

Your Case Manager will aim to contact you with a decision usually within 5 working days of making contact with you over the phone and within 15 working days for all other correspondence.

### Step 3: Seek an external review of the decision

We will make every possible effort to resolve your complaint to your satisfaction. In the event that you are not satisfied with the outcome of your complaint, you may wish to contact the Private Health Insurance Ombudsman.

Phone: **1300 362 072** (option 4 for private health insurance)

Email: **[phio.info@ombudsman.gov.au](mailto:phio.info@ombudsman.gov.au)**

Mail: GPO Box 442
